IMPLANT EDUCATORS ACADEMY™

Dr. Rick Ferguson

Dr. Rick Ferguson lectures throughout the world on a variety of implant surgery and restorative topics. He is the Director of Implant Educators which runs a seven month program teaching general dentists and specialists how to become implantologists. Dr. Ferguson is a Diplomate of the American Board of Oral Implantology, DABOI, DICOI, and Associate Fellow of the AAID, clinical assistant professor at the University of Florida and a visiting lecturer at the University of Miami. Dr. Ferguson has taught implant dentistry and hands-on bone grafting courses which have been attended by thousands of dentists over the last 20 years. He is currently in private practice in Davie, Florida.

This 2 day course will allow you to quickly add Socket Grafting and Dental Implants to your practice.

Restored implants

Single-Tooth Implant Surgery and Restoration

How to add implant dentistry to your practice

You already practice other phases of dentistry, why not Implants? With our help you will be able to add implant surgery and restoration to your everyday office procedures. You will increase your income quickly and substantially by learning the techniques presented in this 2 day seminar. You will leave more confident and capable than you previously believed possible, knowing which cases to do and which to refer. Our step-by-step training can be put to use right away. Our past participants have recession-proofed their practices with skills they have learned through Implant Educators.

Restored implants

Day 1

- Introduction to oral implantology
- Socket Grafting
- Diagnosis and treatment planning
- Soft tissue considerations
- Incision design
